

A 4 by 3 array

# Everyday Arrays

A 6 by 2 array

For this project you will look for examples of arrays in the real world.

## Requirements:

- Search for 5, or more, arrays in your home, neighborhood or supermarket.
- Record each array and explain where you saw it.
- Describe how many rows, how many objects in each row, and the total number of objects in each array you find.
- Write a number model and a number story for each array.
- Think of a creative way to present your project. You can make a poster, a book, use technology, or come up with your own ideas !

Bring your project to school to share on: \_\_\_\_\_
